Received & accepted 24 August 2022

Article “Age, growth and maturity of frigate tuna (*Auxis thazard* Lacepède, 1800) in the Southeastern Brazilian coast” Published online on 17 August 2022 had mistakes.

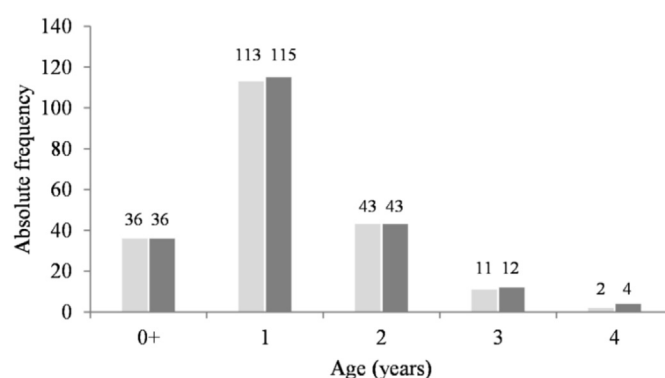

Page 3, line 3, the von Bertalanffy growth function was incorrect. The 0 (zero) of the  $t_0$  is inside the parenthesis and subscripted:

$$FL = L_{\infty} \times [1 - e^{-k(t-t_0)}]$$

In captions of Figs. 4, 6 and 7, corrected captions are:  
**References:** ICCAT (2021), Munro and Pauly (1983) and Petukhova (2019) have been removed from the list of references.

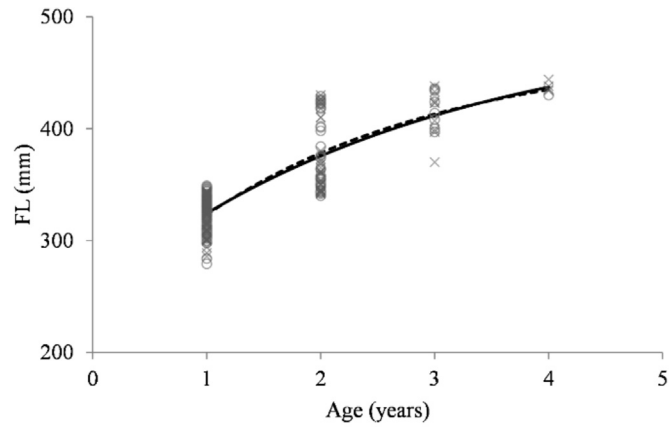

**Fig. 4.** Monthly means of marginal increment (MI) for 1 year (●) and 2 years-old (●) *Auxis thazard* landed in the Southeastern Brazil between March 2018 and February 2019. Vertical bars denote 95% confidence interval.

**Fig. 6.** Age composition of females (■) and males (■) of *Auxis thazard* landed in the Southeastern Brazil between March 2018 and February 2019. Numbers above bars correspond to number of aged fishes.
